

Testing a Beamer \LaTeX Presentation

Is it good?

Tom Vadot Matteo Veneziano

EPFL Section of Physics

November 2, 2024

What is plasma?

A subtitle about plasma

- Tizio
- Caio
- Sempronio

When you want to hide the footer for dramatic effect.

Some other stuff about Plasma

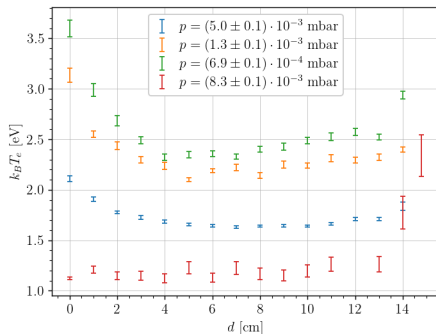

This is column one with 75% text width.

This is column two with 25%
text width.

Some other stuff about Plasma

Now with lines!

- Mmmh yes the plasma is made of plasma
- Second smart remark
- Third smart remark

On the thermal properties of plasma

Caution!

Plasma is hot

Overlays in Beamer

The easiest way is to use the stop command

There are other very customisable ways but we won't need them.

Beamer Font family

`\rmfamily:` CM Roman
`\sffamily:` CM Sans serif
`\ttfamily:` CM Typewriter
some math: $y = f(x)$
